

Warsaw, 20 February 2017

**Dear Sir or Madam,**

On behalf of the Nuclear Cogeneration Industrial Initiative (NC2) I would like to invite you to the training entitled "EU Energy Affairs Course" organized in cooperation with Foratom, that will be held on 23 and 24 of March 2017 in Brussels.

The scope of the training (program attached) will range from broader decision-making processes in the EU institutions to precise consultation mechanisms on energy, especially nuclear-related issues. Due to the fact that nuclear technologies perfectly fit into the EU policy on research and innovation in the energy sector, the course will be supported by the Chairman of the Committee on Industry, Research and Energy (ITRE) Jerzy Buzek and his advisors.

The course is designed for NC2I, SNETP and Foratom members, as well as other representatives of the nuclear energy industry and research.

The cost of participation in the course amounts to 180 euros (+21% VAT), expenses for travel and accommodation excluded.

Please fill the registration form (attached) and send it to [Danielle.lamotte@foratom.org](mailto:Danielle.lamotte@foratom.org) (CC : [Zuzanna.Nowak@ncbj.gov.pl](mailto:Zuzanna.Nowak@ncbj.gov.pl)) not later than 3 March 2017.

Logistical details will be communicated to you at a later date.

Yours faithfully,

Prof. Grzegorz Wrochna

Chairman of the NC2I
